## MISSION STATEMENT

### **MISSION STATEMENT – Chebeague Island School**

The Chebeague Island School has a special commitment to nurturing and respecting each student's individual abilities, while also challenging students to accomplish things they never dreamed they were capable of doing. Through hands-on experiences emphasized by inter-generational relationships from the Island Community and island resources, the Chebeague Island School will strengthen students' abilities to contribute to a positive and productive attitude, with respect for others and our environment.

Adopted: February 5, 2008
